

# ז' השון Mission

On ז' השון, in Eretz Yisroel they start asking Hashem for rain in the brocho of ברוך עלינו. (We don't start saying it yet because we go like the minhag of Bavel that did not need rain till later on, but in Eretz Yisroel they need rain as soon as they can, to make sure that everything will grow, so they start asking on ז' השון.)

But why do they wait until now? Why don't they start at the same time we start saying משיב הרוח ומוריד הגשם?

The answer is because they were waiting for every Yid to get home. For Sukkos, all the Yidden who lived in Eretz Yisroel went up to Yerusholayim, and it took until ז' השון for the last people, who lived the furthest distance, to get home. So even those people who were already at home did not want to start asking Hashem for rain right away, because then, other Yidden would be caught in the rain on their way home. So even though they needed the rain right away, they waited 2 weeks so everyone would be home before the rain started.

The Rebbe points out the great Ahavas Yisroel that we see from this Halacha. Even though people needed rain, they were happy to wait in order that every Yid should be comfortable.

So what do we learn out from here?

To act the same way. To have Ahavas Yisroel and do things that are good for other people even if it takes away from something that we want. We should first make sure that everyone else is happy and comfortable.

## Today's mission is:

- **Read the above lesson about ז' השון at home.**
- **Make a plan of how you will have extra Ahavas Yisroel to another boy in Shul or at home on Shabbos or in Cheder on Sunday. Some examples are: say hello to a boy you don't usually speak to, make sure that other people also can join in your game (and any other ideas that you can think of yourself).**
- **Do your Ahavas Yisroel plan in honor of ז' השון.**

MITZVAH MISSION FOR ז' השון

I read/heard about ז' השון.       I discussed a plan how to have extra Ahavas Yisroel.

I had extra Ahavas Yisroel in Shul, at home or in Cheder. This is what I did

# Mission קידוש לבנה

**In connection with Kiddush Levana in the month of Cheshvan, the Rebbe said:**

We should do Kiddush Levana with a special Kavvano to hasten and make faster the coming of Moshiach, through adding in our demanding and asking for the Geulah, as we say at the end of Kiddush Levana, "And they will look for Hashem and for David their King. Omen." (From the Sicha of Parshas Noach תשנ"ב)

The Yidden are compared to the moon; just like the moon gets smaller and then gets bigger again (starting from Rosh Chodesh), so too the Yidden, even though we are small in Golus, we will become bigger again when Moshiach comes.

When the moon starts getting bigger in a way that you can see it, a few days after a Rosh Chodesh), we say Kiddush Levana.

This is a simon of the Yidden getting bigger when Moshiach comes. This is also a reason why we say קידוש לבנה by דוד מלך ישראל חי וקיים. And therefore we are happy and we dance by Kiddush Levana, similar to the simcha of a Chasunah. .

(Ramo Siman ב סעיף ב תכו, quoted by the Rebbe in the above Sicha).

**So the special mission for this Motzei Shabbos is to do קידוש לבנה having in mind to bring Moshiach faster. Here are some Halachos to remember about קידוש לבנה:**

- |  |   |
|--|---|
| 1) Go outside to the street                            | 4) Shake the ends of your Tzitzis after you finish. |
| 2) Look at the moon before you start saying the Bracha | 5) Sing and dance after Kiddush Levana              |
| 3) Say Sholom Aleichem to 3 people                     |   |

Dear Children, ילדי

This year marks 30 years since the Rebbe established Tzivos Hashem. The Rebbe requested that every effort be made to mobilize "Hashem's Army". Children everywhere are being called upon to join this wonderful Army.

The Rebbe always turned to the children quoting the possuk "V'ohavto L'reiacho Kmoiacho" asking boys to sign up boys and girls to sign up girls.

This Mitzvoim mission is to encourage children to get involved in Tzivos Hashem and doing the missions.

How do you do this? Make a poster, invitation, sign, powerpoint etc which say things like "Did you do your missions this week?", "Hashem's Army Wants You", "Who can be the first in our class to go up in rank", etc.

Use your creative ideas and bring back to school what you have designed. It could be a picture, an essay a poster or any other idea you have. There is a list of ideas in the box on the right (Bonus tasks).
