

כד טבת

יארצייט של אדמו"ר הזקן

Today, כד טבת, is the Alter Rebbe's yortzeit He was nistalek in the year ג'תקע"ג, IN THE VILLAGE OF Piena, and His Ohel is in Haditch..

In the HaYom Yom of כד טבת, it says that The "ways of Chassidus" are that all Chassidim are to be like one family, with affection, as Torah teaches.

Here is a story, which the Rebbe said in his first Maamar, Basi LeGani, about the Alter Rebbe's great Ahavas Yisroel

It happened one year during the Yom Kippur davening that the Alter Rebbe suddenly removed his tallis and left the Shul. Everyone waited respectfully for him to return, not knowing why he left and for how long he would be gone.

Meanwhile, the Alter Rebbe had gone home to get an axe.. He then made his way to the forest where he chopped some wood, bundled it up and walked quickly to a small hut on the edge of town.

He knocked on the door and entered to find a bedridden woman, frail and famished, holding her just-born infant. The hut was freezing, and in their rush to get to shul, her family somehow forgot there was no prepared food for her to eat, leaving the mother and baby in danger. Starting a fire himself, the Alter Rebbe then took some of the food that he found in the house and prepared a nourishing meal for the poor woman. Only when mother and child were taken care of and no longer in danger did the Rebbe make his way back to shul to continue his davening.

Today's mission is to do make a Farbrengen in honor of Chof Daled Teves (you could do this on Shabbos).

- 1) Speak about כד טבת, that it is the Alter Rebbe's Yortzeit.
- 2) Sing a niggun of the Alter Rebbe (The Alter Rebbe made 10 niggunim – here are some of them: קלי בני היכלא, אתה, קול דודי, אבינו מלכנו, ד' בבות, בני היכלא).
- 3) You can also read the story of the Alter Rebbe with your family (there is one in the story page in this newsletter)
- 4) BONUS: Find a sefer from the Alter Rebbe in your house, and learn something from it
